This map **attempts** to represent the language, social or nation groups of Aboriginal Australia. It shows only the general locations of larger groupings of people which may include **clans, dialects or individual languages** in a group. It used published resources from the eighteenth century-1994 and is not intended to be exact, nor the boundaries fixed. It is **not suitable for native title or other land claims**. THE COMMUNITY COST FOR FALSE CULTURAL INFORMATION

Recent graffiti (Oct 20) on Yirrganydji Country signage on the coast at Wangetti - this understanding comes from AIATSIS map (Horton 1996) - which is incorrect according to all other source material we have gathered, including primary sources Tindale / MConnell.
